

BLOOM OF YOUTH - VIRTUAL INTERNSHIP PROGRAMME

REALIZE YOUR POTENTIAL, EVEN SITTING AT HOME!

Our Virtual Internship Programme helps you to bloom, wherever you are!

Since the COVID-19 hits, many of your plans may be disrupted and you get stuck at home.

Our virtual internships provide you with the opportunity to **realize your potential, even sitting at home!**

We offer virtual internships in different career fields, within organizations around the world, including **Australia, Ireland, Spain, New Zealand and the UK**. We are partnered with prestigious organizations, through to small and medium-sized businesses and entrepreneurial startups.

The Bloom of Youth

GLOBAL INTERNSHIP PROGRAM

The Bloom of Youth is an international internship program that takes place around the world. Through the program, you can gain valuable work experience, establish professional references, expand your global network, develop a variety of skills, improve your language and have different cultural exchanges.

Bloom of Youth has cooperated with all universities in Hong Kong and many of the top universities in Asia including Singapore, China and Taiwan. A few examples in Hong Kong are the University of Hong Kong, the Chinese University of Hong Kong and the Hong Kong University of Science and Technology. It receives thousands of worldwide applications every year.

BENEFITS OF COMPLETING A VIRTUAL INTERNSHIP

- We are heading into an employer's market as unemployment levels soar and employers have a more skilled set of job seekers to choose from - it's important you continue to upskill!
- Virtual Internships still go on your CV
- Virtual Internships still provide a hands on experience to your interested industry
- Virtual Internships allow you to build connections
- Virtual Internships provide a reference and referee for your CV

Given so many people's careers have come to a standstill, how impressive would it be that you continued to build your CV during economy recession! If you agree, why not consider a Virtual Internship?

With the use of modern technology, Virtual Internships allow you to work remotely, to gain relevant industry experience as well as to meet academic requirements.

A major benefit is the FLEXIBILITY to work around your study schedule or job, without the need to be physically present at the office, thus saving on time and huge costs of going overseas.

PROGRAM INCLUSION:

- Top internship in a variety of industries
- Interview guideline
- On-going monitoring & virtual support
- Reference letter from employers
- Certificate from The Bloom of Youth
- Academic credit assistance (where required)
- Subsidy application assistance (where required)

To ensure the success of the virtual internship program, support will be required and provided to both students, universities, along with internship hosts.

This support will include:

- Pre-internship briefing
- Occasional touchpoints
- Live Chat available for any questions during the Virtual internship
- End of internship feedback

ELIGIBILITY

- 18 years old or above
- Any academic field and year of study

Program Fee

For cooperating universities, special discounted fee is provided for year 2021-22. Tailor-made virtual internship program fee (with discount) is **HKD\$5950** for Spain Program, **HKD\$6300** for Ireland Program, **HKD\$6750** for UK Program and **HKD\$6800** for Australia & New Zealand Program.

Ina (LU)

As I have long been fascinated in art and design field, this internship is beneficial for me to foster my design skills and deepen my understandings to the job market for the field.

I am grateful with the help and support from the organiser Bloom of youth. They really help me greatly.

Bloom of youth is nice because the staffs are willing to offer helping hands for the participants. Overall, the organisation is helpful and the programme is well-organised. Thank you for the organisation to offer this precious chance.

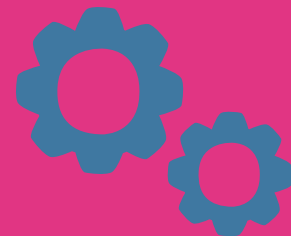

Katherine (HKU)

This three-month internship has been a very enjoyable and meaningful experience for me. Lionel is a great supervisor and a positive role model. I'm so touched by his devotion to society's welfare, care for others, and passion in educating and empowering young people. He's always nice, patient, and helpful to us. Additionally, I developed several important skills, such as teamwork and communication skills. I worked closely with my teammates who are skillful and dedicated, and we have weekly meetings and brainstorming sessions. I have also gained commercial awareness and expanded my horizon. This internship opens up my future career perspectives in PR&Comms as well as education.

Nicole (CUHK)

My colleagues are all kind and supportive people. They guided me without reservation and gave me chances to learn and improve. It is my pleasure to work with them. The staff is helpful and warm-hearted. There is nothing that I can complain about.

Sherry (EdUHK)

I think this is an excellent internship. Thank you for giving me this opportunity. Due to the impact of the global epidemic, the internship I participated in was a virtual internship. But this did not affect the quality of my internship. The content of my internship is to help my supervisor TO conduct research on urban sustainability. Fabricio taught me patiently and was kind and prompt to solve my problems and provide me with help. I think it is a lucky thing for me to get this internship opportunity. I also had a lot of interesting talk with fabricio during the internship. I also hope to have the opportunity to visit him in person in the future. This internship is an unforgettable memory for me.

Thank you!

Venus (HKUST)

Overall speaking, I really enjoyed my global virtual internship experience. First of all, I have a kind supervisor as well as colleagues who provide me with a nice and supportive working environment. Secondly, I also got exposure to a microplastics reduction program outside HK which undeniably is a precious experience for me. I also got to sharpen my English skills as well as enhancing my knowledge in environmental education programs.

Yuki (HKU)

Joining Bloom of Youth internship program outstands myself from other candidates in job hunting. The skills and experiences I gain from the program are proved to be valued by employers. I have had graduate offer already. So overseas internship is definitely a MUST during university life, not just to have an internship record on your CV but to enrich your life experiences!

Sarah (HKU)

Bloom of Youth program gave me a priceless opportunity to engage myself in a professional capacity and international setting. My skills are sharpened and I am more prepared for real work life. Especially an overseas internship as such provides a global insight and precious references. I highly recommend Bloom of Youth program. I have an amazing experience!

EASY AND SIMPLE PROCESS

01

SUBMIT APPLICATION & CV FOR FREE

Submit a simple online application form "Apply Now" and upload your CV. The application is **free of charge!** It is easy and takes only 5 - 10 minutes. We will be able to provide free advice and consultation based on your portfolio.
