Programme starts 10 Jan

***A guided, action learning experience
taking you from being an online learner to
developing blended learning approaches
with your students.***

In January 2022, TLC launches its new blended professional development programme ABL@LU. This experiential programme, delivered in a blended mode, is in the final stages of being internationally accredited by SEDA (Staff and Educational Development Association <https://www.seda.ac.uk/>).

ABLE@LU has three modules in which you will be guided and supported through:

1. The experience of being an online learner
2. Developing your own blended learning activities using Moodle
3. Implementing and evaluating these activities with your students

ABLE@LU: 10 Jan - 20 May 2022
