Regulations and Procedures for Credit Transfer/Course Exemption:

1. An applicant who has successfully completed a similar course at an appropriate level offered by the University or a recognised institution may apply for credit transfer/course exemption.
2. The application for credit transfer/course exemption shall be submitted as early as possible. For those applicants who have already obtained the proof of their previous credits prior to their studies in the MIDE Programme, the application shall be submitted by the first week of the first admitted term.
3. If the application for **credit transfer** is approved, the student will be exempted from taking the corresponding course offered by the University and granted with equivalent credits
4. If the application for **course exemption** is approved, the student will be exempted from taking the corresponding course offered by the University. However, credits are not granted, and the student has to take another course to make up for the total number of credits required for graduation.
5. Only courses passed with a grade equivalent to grade B- or above at Lingnan will be recognized for credit transfer/course exemption, but the recognized grades will not be counted in Cumulative GPA calculation.
6. Normally, a student may not be granted credit transfer/course exemption for more than 50% of the required number of credits for the academic award.
7. The transfer of credits upon admission should be a one-off exercise. No subsequent transfer of credits will be approved during the course of the admittee's study at MIDE programme except for newly gained qualifications after admission. A student should not enroll in a course for which he/she has been granted credit transfer/course exemption.
8. For non-MIDE courses completed, please submit copies of academic results and a detailed course syllabus as supporting documents for this application.
9. Tuition fee is on the basis of the whole programme and usually remains unchanged with successful credit transfer application. Exceptions may apply for Double-master students and special cases.
